The following is an examiner's statement of reasons for allowance: The prior art fails to disclose applicant's invention of processing a call which includes a query and that query indicates an LNP call, an interexchange carrier, and that the call is to be terminated over a Dedicated Access Line. No obvious combination of references found would have taught one of ordinary skill in the art to make and use applicant's invention as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication should be directed to Creighton H. Smith at telephone number 571/272-7546.
